Energy-Efficient Mortgage Sales RFP #1 v.2

Ongoing Solicitation

1. GENERAL INFORMATION.

- A. **Opportunity & Overview.** Self-Help Climate Capital, LLC (“Self-Help”) seeks to identify potential qualified sellers of Energy-Efficient Mortgages (defined in the Appendix) as further described below to originate and sell them on a forward-flow basis to Self-Help.

This Request for Proposals (“RFP”) will remain open on a rolling basis and responses (each a “Proposal”) will be evaluated as set forth in Section 4 Proposal Evaluation below. For the purposes of this RFP, parties responding to this RFP are referred to as “Proposer” or you.

Proposals must be submitted electronically in accordance with Section 4 below.

- B. **Background.** Self-Help is a subrecipient of an award under the Environmental Protection Agency’s (“EPA”) National Clean Investment Fund (“NCIF”) grant competition of the Greenhouse Gas Reduction Fund (“GGRF”).

The NCIF is a provision of the Inflation Reduction Act focused on ensuring the clean energy transition brings direct, tangible benefits to all Americans, with a focus on Low-Income and Disadvantaged Communities (“LIDAC,” defined in Appendix). It has three program objectives: 1) reduce greenhouse gas emissions and other forms of air pollutants, 2) bring direct benefits to American communities in the form of energy security, energy savings, cleaner air, and quality jobs, and 3) transform the capital markets so they can drive an equitable clean energy transition at scale.

Self-Help is a coalition partner of Climate United Fund (“CUF”), the 501(c)(3) awardee under NCIF. Self-Help is wholly owned by Self-Help Ventures Fund, a 501(c)(3) nonprofit organization that is a certified community development financial institution.

To learn more about the Climate United coalition and approach, please visit www.weareclimateunited.org.

- C. **Purpose.** Self-Help seeks to support increased lending, primarily to LIDAC, for mortgage lenders that have capabilities to originate and deliver Energy-Efficient Mortgages (defined in Appendix) with collateral that reduces greenhouse gas emissions. Self-Help seeks potential counterparties to submit Proposals to originate high loan-to-value GSE-Eligible Mortgages (defined in Appendix) without requiring borrowers to pay for standard mortgage insurance (“Program Subsidy”, further defined in Appendix) and sell them on a forward-flow basis to Self-Help.

Proposers seeking to retain the servicing of their loan originations will be considered and must provide additional information in the Proposal. Proposers who seek to release the servicing of their loan originations will also be considered, but do not need to provide additional servicing information.

In the potential Energy-Efficient Mortgage transactions, Self-Help expects to use proceeds from NCIF (through its subaward from CUF) to pay for all or a portion of the purchase price of eligible mortgage loans and related fees in accordance with any terms of such subaward. Self-Help will procure for the purchase and servicing of Energy-Efficient Mortgages in adherence with the requirements set forth in 2 CFR § 200.317 *et seq.*; EPA’s Best Practice Guide for Procuring Services, Supplies, and Equipment; and all other applicable requirements.

- D. **Limitation.** Self-Help reserves the right to (a) reject any or all Proposals without explanation, (b) waive technicalities or irregularities, (c) request additional information from any Proposer (including a list of client references), (d) withdraw or revise this RFP at any time, (e) make such selection deemed in its best interest (in Self-Help’s sole and exclusive discretion), and/or (f) enter into due diligence discussions with multiple successful Proposers. Upon completion of due diligence review, Self-Help may negotiate individual contracts with certain selected Proposers following counterparty review and based on program fit, not necessarily the lowest pricing.

The issuance of this RFP does not commit Self-Help to participate in any transaction, proceed to negotiate any terms or definitive documentation, pay any costs incurred in preparing a Proposal or to procure or contract for services or supplies. The selection of your Proposal under this RFP does not commit Self-Help to enter into an agreement or conduct or expand business with any Proposer even if all the requirements are met.

2. **SCOPE OF SERVICES.** Proposer must be able to provide Self-Help with the following services:

- A. Support Self-Help goals to provide energy and financial savings to borrowers primarily in one or more of the following: LIDAC, “Rural” areas, and “Tribal” areas (defined in appendix). Borrowers will receive these savings through newly originated fixed-rate, affordable, GSE-Eligible Energy Efficient Mortgages for the purchase of highly energy efficient homes (such mortgages, “Eligible Mortgages”).
- B. Sell the Eligible Mortgages to Self-Help on a forward-flow basis and then execute swap and hold transactions with Freddie Mac and/or Fannie Mae on Self-Help's behalf using Self-Help's seller number.

- C. Complete all origination and selling activities required by government-sponsored entities (“GSEs”) such as Fannie Mae or Freddie Mac.
- D. Provide to Self-Help all GSE and investor required origination, delivery, and energy-efficiency eligibility and reporting data.
- E. Service the Eligible Mortgages or transfer servicing following an interim servicing period to a specialty servicer of Self-Help's choice (following GSE and Self-Help requirements).

Self-Help will consider three possible servicing arrangements based in part on anticipated delivery volume:

- 1) The Proposer retains the full servicing rights of their loan originations.
- 2) The Proposer sells the loans servicing-released to Self-Help but continues to sub-service on Self-Help’s behalf.
- 3) The Proposer sells the loans servicing-released and transfers to a servicer selected by Self-Help after a brief interim servicing period.

For options 1 and 2 above, the Proposer must provide additional information in the Proposal as set forth in section 3.

- 3. **PROPOSAL CONTENTS.** The Proposer in its Proposal shall clearly and concisely respond to each of the following (referencing the appropriate A-J sub-section). Failure to respond to a topic may render the Proposal incomplete and Self-Help reserves the right, in its sole discretion, to either contact Proposer to request supplementation of the Proposal or refuse to consider or evaluate the incomplete Proposal.

 - Percentage Tribal, if applicable
 - Percentage energy-efficient, if applicable
